

Are you looking  
for a unique experience  
this summer?

German-Polish Summer School  
Micro- & Nanoelectronics 2014

24 – 30 August 2014 |  
Frankfurt (Oder) – Germany |  
Poznan – Poland

# German-Polish Summer School Micro- & Nanoelectronics 2014

From System Design to Materials Research -  
The world behind micro- and nanoelectronics.

What  
>>

Lectures in the fields of System Design, Circuit Design, Technology, Materials Research | Labtours and view into class 1 cleanroom | Networking for your career at IHP and PUT | Social program

Why  
>>

Enrich your academic and scientific experience, while networking and making friendships with students from different nations

Who  
>>

Master students of natural sciences and engineering | enrolled at a German or Polish university | Good command of English

How  
>>

By submitting the online application form till **July 31<sup>st</sup> 2014** | Participation fee of 50€ | Full program and registration information: [www.ihp-microelectronics.com](http://www.ihp-microelectronics.com)
