

Welcome Guide

The Welcome Center of the U Bremen Research Alliance welcomes national and international researchers and supports researchers and their families in planning their stay in Bremen and Bremerhaven, regardless of the duration and financing of their stay. As a central service centre, we provide advice on all non-academic and practical issues to make your move and settling in to Bremen or Bremerhaven as pleasant and easy as possible. With a comprehensive programme of events and a wide range of services, the U Bremen Research Alliance Welcome Center helps to ensure that your new start goes smoothly.

Our Welcome Guide below obtains customised information that applies to your personal situation. We will also be happy to assist you with any further questions you may have during the relocation process - [please register with the Welcome Centre](#).

I am planning to start working at the following U Bremen Research Alliance *

Institutions name 

From where are you moving? *

What's your nationality? *

How will your stay be financed? *

How long do you plan to stay? *

Have you arranged your accommodation? *

Are you moving with your family? *
