

Second Hamburg Structural Biology Meeting

8 October 2025 | European XFEL, Schenefeld, Germany

We warmly invite you to join us for the **Second Hamburg Structural Biology Meeting**, taking place on **8 October 2025** at the **European XFEL** in Schenefeld.

This meeting brings together researchers, institutions, and companies from across the Hamburg area to share ideas, talk about new developments, and strengthen ties across the structural biology community.

Whether you're from academia or industry, this is a chance to connect, hear what others are working on, and explore new opportunities for collaboration.

What to Expect

The day will include:

- Presentations from researchers at all career stages
- Plenty of time for discussion and informal networking
- Facility tour of European XFEL's experiment hall, labs and science exhibition area
- Opportunities for companies, facilities, and academia to connect

Who's It For?

Researchers in structural biology, biophysics, and related fields

Companies working in biotech, pharma, and instrumentation

Anyone interested in being part of the vibrant Hamburg structural biology community

When & Where

Wednesday, 8 October 2025

Lighthouse Visitor Centre (XHV), **European XFEL**, Holzkoppel 4, 22869 Schenefeld, Germany

Duration: all day with lunch, coffee and evening reception
