HACK THE STACK

Startup Opportunity

The best ideas will have the chance to turn into real startups, with full support from CISPA and DocuWare to bring them to life!

CISPA

The CISPA Helmholtz Center for Information Security explores cybersecurity, privacy and trustworthy artificial intelligence in all their many facets. A national Big Science institution within the Helmholtz Association, CISPA is the world's leading research center in the field of cybersecurity.

DocuWare

DocuWare is a leading provider of document management and workflow automation solutions. Together with its 800+ strong partner network, DocuWare has helped approximately 20,000 customers across 100+ countries simplify their work through digitizing, automating and transforming key processes. Headquartered in Germany and the US, DocuWare employees around the world support sales across the Americas, EMEA and APAC regions.
