International Conference on:

Payments for Ecosystem Services and their Institutional Dimensions

- 10-12 November 2011, Berlin, Germany -

The conference takes place on Thursday, November 10th and Friday, November 11th.

A field excursion to visit a PES scheme in practice is organised for Saturday, November 12th.

Detailed information on the conference program can be found below.

Detailed information on the field trip will be available under *Excursion* on the conference website.

Preliminary program (Draft: 04/10/2011):

Day 1 (Thursday, November 10, 2011):

11:00 Registration opens

13:00 – 13:10 Welcome and Introduction

13:10 – 14:10 **Plenary session 1:**
Payments for Ecosystem Services and their Institutional Dimensions

Keynote speaker 1:
Stefanie Engel (ETH Zürich, Switzerland)

Keynote speaker 2:
Erik Gómez-Baggethun (Universidad Autónoma de Barcelona, Spain)

14:10 – 16:10 **Breakout session 1A:**
PES and its Institutional Setting

Thomas Legrand / Géraldine Froger / Jean-Francois Lecoq (CEMOTEV)
Institutional Performance of Payments for Environmental Services: An Analysis of the Costa Rican Program.

Irina Prokofieva / Elena Górriz (Centre Tecnologic Forestal de Catalunya)
Institutional Analysis of PES Schemes for the Provision of Forest Goods and Services in Catalonia (North-East Spain).

Akhmad Fauzi / Zuzy Anna (Bogor Agricultural University)
Firms, Forest and Fiscal: Complexity of Institution of Indonesian Payment for Environmental Services Programs.

Guillaume de Buren (idheap)
Why Does the Potential for PES Implementation Differ?

Claudia Sattler / Bettina Matzdorf / Sarah Schomers / Claas Meyer (ZALF)
Multi-classification of Payments for Ecosystem Services

Chaired by: #

16:10 – 16:30 Coffee break

Breakout session 1B:
Identification of Demand and Supply

Fongwa Ernest Anye / Albrecht Gnauck (Brandenburg University of Technology)
Establishing Potential Payment for Intangible Ecosystem Services: The Case of UNESCO Biosphere Reserve Spreewald.

Frank Wätzold / Martin Drechsler (Brandenburg Technical University Cottbus)
Agglomeration Payment, Agglomeration Bonus or Homogeneous Payment?

Ernst Nuppenau (JLU Giessen)
Value Detection of Species through Payment for Ecosystem Services and Landscape Management: Integrating Willingness to Pay for ESS and Nature Provision in Approaches of Biodiversity Management.

Chaired by: #

Day 1 (continued):

16:30 – 18:30

Breakout session 2A:
User-Financed PES Schemes

Marcela Munoz Escobar / Camilo Pineda Weffer / Robert Holländer (Leipzig University)
Institutional Analysis of Payment for Watershed Ecosystem Services. Lessons from Two Case Studies in Columbia and Germany.

Christian Albert / Christina von Haaren / Janita Volkens / Stefan Ott (Leibniz University of Hannover)
Governance Structures and Procedures of Payments for Ecosystem Services in Industrialized Countries: The case of Environmental Impact Regulation in Germany.

Fabien Quéfier / Sven Wunder / Sandra Lavorel (LECA-CNRS)
Habitat Banking in France: Experimenting with a Nascent PES Framework for Biodiversity Conservation.

Silvia Cristina Rodríguez Valladares / Cecile Brugere (University of York)
Assessment of the Potential for Payments for Ecosystem Services and Mechanisms for Implementation in the Case of Shrimp Aquaculture Development in Thailand.

Chaired by: #

18:30 – 19:00

Coffee break

19:00 – 20:00

Poster session: (A short overview of the available posters will be given as an introduction to the poster session!)

Bunafsha Mislimshoeva / Thomas Koellner (Bayreuth University)
PES for Forest Rehabilitation in Tajikistan.

Regina Neudert / Melanie Mewes / Frank Wätzold (Universität Cottbus)
Challenges of Designing a PES-Scheme in South-western Madagascar.

Karin Reiter / Achim Sander (Johann Heinrich von Thünen-Institute)
Supply of Ecosystem Services by Natura-2000-payments- Analysis of the Instrument and its Implementation.

Valérie Bossi Fedrigotti / Christian Fischer / Francesco Marangon / Stefania Troiano (Free University of Bolzano, Italy)
Payments for Ecosystem Services (PES) for Traditional Land-use Systems in South Tyrol, Italy: The Case of Chestnut Orchards and their Recreational Benefits.

Franziska Wolff / Christian Schleyer (Öko-Institute e.V., Berlin Office)
Institutional Perspectives on Payments for Ecosystem Services: The Case of Pond-based Fish Farming in Upper Lusatia (Saxony), Germany.

Pierre Alexandre Maizière / Froger (CEMOTEV/UVSQ)
Exploring Socioeconomic Impacts and Governance of Payments for Environmental Services. Lessons from the Democratic Republic of Congo.

Isabel van de Sand (Deutsches Institut für Entwicklungspolitik (DIE))
Payments for Ecosystem Services and Adaptation to Climate Change – Insights from a Watershed in Kenya.

JF Le Coq / G Froger / T Le grand / D Pesche / F Saenz (CIRAD / ART-Dev)
The Evolution of the Costa Rican Program of Payment for Environmental Services: A Learning Process and Stakeholders' Balance of Power Perspective.

Rebecca Roberts / Lynnath Beckley / Malcolm Tull (Murdoch University, Australia)
Economics of Coastal Disaster Risk and Coastal Property: A Case Study of Exmouth.

Sandra Derissen (University of Kiel)
What are PES? - Discussion of Terms and Some Definitions.

Ines Freier / Benjamin Kiersch (HTW Berlin)
Voluntary Environmental Standards as Payments for Ecosystem Services.

Breakout session 2B:
The Issue of Commodification – WTP Analysis

Stefan Baumgärtner / Morith Drupp / Jasper Meya / Jan Munz / Martin F. Quaas (Leuphana University of Lüneburg)
Income Distribution and Willingness to Pay for Ecosystem Services.

Angela Kopmann / Katrin Rehdanz (Kiel Institute for the World Economy)
A Human Well-being Approach for Assessing the Value of Ecosystem Services.

Bas Amelung / Machiel Lamers (Wageningen University, Netherlands)
Tradable visitation permits as a management tool for remote areas: an application to Antarctic tourism.

Karsten Grunewald / Ralf-Uwe Syrbe / Olaf Bastian (Leibniz Institute of Ecological and Regional Development)
Costs of landscape management - exemplarily calculation for Saxony (Germany).

Chaired by: #

Day 1 (continued):

19:00 – 20:00

Poster session (cont.):

Ruth Delzeit /Angela Kopmann (Kiel Institute for the World Economy)

Modelling land use related non-market ecosystem services in Computable General Equilibrium Models.

Elena Gorriz (EFIMED & CTFC)

Lessons learnt from the evolution of the mature forest reserves programs in Catalonia.

20:00

End of official program Day 1 (Gathering for the conference dinner)

21:00 – 23:15

Conference dinner

Day 2 (Friday, November 11, 2011):

08:00

Registration opens

08:30 – 09:30

Plenary Session 2:

PES and their Institutional Dimensions

Keynote speaker 1:

Sven Wunder, CIFOR, Brazil

Keynote speaker 2:

Stuart Whitten, CSIRO, Australia

Chaired by: #

09:30 – 11:30

Breakout session 3A:

PES and its Actors

Cecilia Michellis / Elena Borzenkova / Kirsten Boer / Paula Rolffs (Ecologica Institute, Brazil)

Lessons learned from the Carbon Markets in Brazil

Linda Bigga / Robert Holländer (Universität Leipzig)

Financial Involvement of Private Actors in the Revitalisation of Urban River Spaces.

Jean Francois Le Coq / P Bonnal / P Méral / O Aznar / G Froger (CIRAD/ART-Dev)

Payment for Environmental Services: What are Implications of Environmental Services Nature on the PES Schemes?

Marie Hrabanski / Jean-francois Lecoq / Bidaud Cécile / Méral Philippe (CIRAD)

The Role of the Main Environmental NGOs in the Spread of “Ecosystem Services” Notion and PES-Instruments: a Madagascar, Costa Rica and France comparison.

Bettina Matzdorf / Claudia Sattler / Sarah Schomers (ZALF)

The Relevance and Role of Civil Society in PES Schemes – A case study analysis of PES schemes in Germany and the US

Chaired by: #

11:30 – 11:45

Coffee break

Breakout session 3B:

New Approaches to Improve Efficiency and Effectiveness

Timm Kroeger (The Nature Conservancy, USA)

Designing the optimal PES: Theory, reality and the challenge of measuring biophysical and welfare returns on conservation investments

Rob Burton / Gerald Schwarz (Bygdeforskning, Norway)

Promoting Cultural Embeddedness: Cultural and Social Capital Generation in Result-oriented Agri-environmental Schemes.

Bernd Hansjürgens / Paul Lehmann (Helmholtz Centre for Environmental Research – UFZ)

Using Auctions to Allocate Payments for Ecosystem Services – Experiences from the US Conservation Reserve Program.

Sandra Derissen (University of Kiel)

Implementing Performance-based Payments for the Enhancement of Chlidonias niger (Black Tern) in Eiderstedt/Germany.

Wain Collen / David Elliott (International Institute for Industrial Environmental Economics, Lund University)

Benefit Distribution from Common-pool Resource Management: Lessons from a Case Study in the Ecuadorian Amazon.

Chaired by: #

Day 2 (continued):

11:45 – 13:45

Breakout session 4A:

Agri-Environmental Measures

Ruth Waters (Natural England)

Delivering Nature's Services: Moving Towards a Payment for Ecosystem Services Scheme in the English Uplands.

Marianne Henkel (University of Greifswald)

PES between Europe2020 and CAP reform.

Christian Schleyer / Tobias Plieninger (Berlin-Brandenburg Academy of Sciences and Humanities)

Obstacles and Options for the Design and Implementation of Payment Schemes for Ecosystem Services Provided Through Farm Trees in Saxony, Germany.

Philippe Bonnal / Caroline Maury / Jean-Francois Le Coq / Muriel Bonin / Thomas Legrand / Philippe Méral (CIRAD)

Payments for Environmental Services and Environmental and Territorial Governance: Lessons from Empirical Studies.

Chaired by: #

13:45 – 14:45

Lunch break

14:45 – 17:00

Plenary session 3

PES and their Institutional Dimensions – lessons learned

Short presentations from the breakout sessions followed by panel discussion

Experts in the panel:

Timm Kroeger, The Nature Conservancy, USA

Sarah Lynch, World Wildlife Fund, USA

Cecilia Michellis, Ecologica Institute, Brazil

Thomas Koellner, University of Bayreuth, Germany

Angela Meyer, Organization for International Dialog and Conflict Management, Austria

Bettina Matzdorf, CIVILand/ZALF, Germany

Chaired by: #

17:00

End of official program Day 2

Breakout session 4B:

Experience and Experiments on Institutional Design

Sarah Lynch / Leonard Shabman (WWF)

Addressing Institutional Challenges to Implementing a Contract Based Payment for Environmental Services Program: A Collaborative Approach to Program Design

Nora Vogt / Kilian Bizer (Georg-August Universität Göttingen)

The Usual Suspects – Lock-in Effects and the Role of Social Capital in Multiple-sign Up Conservation Auctions. An Experimental Approach.

Jetske Bouma / E Ansink (VU University Amsterdam)

Community Co-management and the Perceived Legitimacy of Conservation.

Tim Schloendorn / Marcella Veronesi / Astrid Zabel / Stefanie Engel (ETH Zurich)

Permanence in REDD+ Projects: The Case of Ecocharcoal Policies.

Lasse Loft / Torsten Krause (Biodiversity & Climate Research Center BiK-F)

From Global to Local – the Status and Design of Benefit Sharing Mechanisms Under REDD+, Cases from Ecuador and Cameroon.
