

Abstract Submission

All participants are asked to present their work regarding the focus areas mentioned above. A limited number of abstracts will be selected for oral presentation. Excellent abstracts of young researchers as presenting authors will be preferred.

All abstracts must be submitted online using the provided form at www.zoonosen.net by 16 July 2010. Only abstracts written in English will be accepted.

Please note that the abstract submission is separate from the registration and do not forget to register.

National Research Platform for Zoonoses

Initiated and funded by the Federal Ministry of Education and Research in Germany, the National Research Platform for Zoonoses started in spring 2009. Our network brings together the researchers and the research activities in the field of zoonoses. It develops sustainable and flexible solutions to strengthen research, prevention, and therapy of zoonotic infectious diseases.

National Symposium on Zoonoses Research 2010

7-8 October 2010 | Berlin

Preliminary Programme

Updated: 20 May 2010

National Symposium on Zoonoses Research 2010

On behalf of the National Research Platform for Zoonoses we cordially invite you to join the National Symposium on Zoonoses Research, which will be held in Berlin, 7 – 8 October 2010.

The symposium addresses all researchers working in the field of zoonoses to foster interdisciplinary exchange and communication. We especially encourage young researchers to participate in the symposium.

We look forward to an interesting and stimulating scientific programme and hope you join us in Berlin!
