

CALL FOR PAPERS

We cordially invite you to submit your contributions to the Europe Africa Conference 2017 of the Polymer Processing Society (PPS), which is going to be held in Dresden, Germany, from June 26 to 29, 2017.

Symposia

General Symposia:

Mixing and Compounding
Polymer Blends and Alloys
Rheology and Process Simulation
Functional, Nano and Bio Composites
Fibers, Films and Foams
Injection Moulding and Extrusion
Elastomer Materials and Processing

Special Symposia:

Nanocarbon Based Composites - *CNPComp2017*
Polymer Modification with Ionizing Radiation
Nano- and Microstructured Surfaces and Films
In-line Analytics and Process Monitoring
Welding and Joining Technology
Polymers for Medical Applications
Additive Manufacturing

Program

The program consists of invited plenary lectures and contributed talks in about six parallel sessions. Some of the authors of the most promising abstracts of contributed presentations will be asked to present their work as keynote lectures. In addition, poster presentations are part of the program

Exhibition

Companies are encouraged to present relevant services and equipments in a small industrial exhibition. For option and conditions please consult the website.

Venue
