The international conference is funded by the German Research Foundation (DFG), Bonn, the KND (Kompetenzzentrum für Niederdeutschdidaktik), Greifswald, and the Alfried Krupp von Bohlen und Halbach-Stiftung, Essen.

The Alfried Krupp Wissenschaftskolleg is an academically independent institution sponsored by the Stiftung Alfried Krupp Kolleg.

The conference will focus on the impact of digital media on speakers of smaller languages, drawing on case studies from Faroese, Frisian, Gaelic, Low German, Sorbian and Welsh.

In addition to the discussion of the general opportunities and challenges of digital communication, we will debate how digital media can be successfully applied for the learning and teaching of smaller and potentially endangered languages.

Alfried Krupp Wissenschaftskolleg Greifswald

The Alfried Krupp Wissenschaftskolleg is an academically independent institution sponsored by the Stiftung Alfried Krupp Kolleg Greifswald.

The initiative to establish the Alfried Krupp Wissenschaftskolleg came from the Chairman of the Board of Trustees of the Alfried Krupp von Bohlen und Halbach-Stiftung, Professor Dr. h. c. mult. Berthold Beitz. Professor Beitz associated this initiative with the idea that an institute for advanced study in the Hanseatic and university city of Greifswald could assist Greifswald to become once again the „liberal, cosmopolitan centre for encounters in the Baltic Sea region“ that it used to be for centuries. The Alfried Krupp Wissenschaftskolleg is committed to this goal.
