Seminar on wine authentication analysis from the perspective of German and Chinese wine control

Bundesinstitut für Risikobewertung

### EU-China-Safe Online Seminar: Innovation in wine authentication analysis

The seminar deals with current developments in wine authentication analysis. As an example, the results of a study on the authenticity of European wines on the Chinese market conducted within the framework of the EU-China-Safe project are presented. In addition, the potential as well as possible pitfalls of non-targeted methods are highlighted. The seminar discusses how these data-intensive methods place new challenges on stakeholder interaction and cooperation.

Key topics:

- Wine authenticity aspects addressed in the EU-China safe project
- Targeted and untargeted analytical methods used for wine authenticity analysis
- <sup>1</sup>H-NMR analysis of wine in official wine control

Who should attend?

The online-seminar is aimed at food testing laboratories, official control laboratories, customs and border protection authorities as well as wine producers, wine associations and people involved in supply chain management.

#### Online access:

The seminar takes place as an online event. You will be informed of the access data after registration.

#### Registration:

Please register online by 14.06.2021

### Programme

Thursday, 17 June 2021

10:00–10:15 am

#### Welcome

*Dr Carsten Fauhl-Hassek,  
Dr Wenna Xu  
German Federal Institute for Risk Assessment,  
Berlin*

#### Session I:

10:15–10:30 am

#### Introduction to the EU-China safe project – Wine related tasks

*Dr Teresa Müller  
German Federal Institute for Risk Assessment,  
Berlin*

10:30–11:00 am

#### Wine control in China

*Dr Shuangxi Fan,  
Dr Daobing Wang  
China National Research Institute of Food and Fermentation Industries Co., Ltd. (CNRIFFI), Beijing (China)*

11:00–11:15 am break

11:15–11:45 am

#### <sup>1</sup>H-NMR spectroscopy in wine authentication – potential and pitfalls

*Dr Janet Riedl  
German Federal Institute for Risk Assessment,  
Berlin*

#### Session II:

11:45 am–12:15 pm

#### Discussion

*All speakers*
