New funding formats at the Center for Interdisciplinary Research at Bielefeld University

For over 50 years ZiF at Bielefeld University has been funding innovative and outstanding interdisciplinary research projects. Since the academic system and its conditions are constantly changing and evolving, the funding formats have been redesigned with a focus on their flexibility.

Three new group formats (Research in Groups):

- Visiting Groups: 1 to 3 months; up to 50,000 euros to cover the costs for travel and accommodation as well as workshops and conferences; personnel expenses (buy-outs) cannot be covered
- Resident Groups: 4 bis 6 months; up to 400,000 euros to cover the costs for travel and accommodation as well as workshops, conferences, and personnel expenses (e.g. in the form of buy-outs)
- Long-Term Groups: several visits to ZiF over a period of up to three years; these recurring visits may add up to a total of ten months; up to 200,000 euros to cover the costs for travel and accommodation as well as workshops and conferences; personnel expenses (buy-outs) cannot be covered

The detailed current call for proposals (upcoming deadlines: 5 May and 8 December 2022) can be found on the ZiF website: [https://www.uni-bielefeld.de/\(en\)/ZiF/Foerderung/group-formats.html](https://www.uni-bielefeld.de/(en)/ZiF/Foerderung/group-formats.html).

The Center for Interdisciplinary Research (ZiF) at Bielefeld University is an independent research institute open to all fields of inquiry and scholars from all countries and disciplinary backgrounds.
