Keynote Speakers:

Roger Wepf Zurich

Christel Genoud Basel

Manfred Rohde Braunschweig

Supported by:

The German Society for Electron Microscopy (DGE),
Zeiss Microscopy GmbH, FEI, Leica Microsystems,
Diatome, Science Services

Contact:

Paul Walther, Universität Ulm
Albert-Einstein-Allee 11, 89081 Ulm
Tel. +49 731 502 3440
email paul.walther@uni-ulm.de

DEUTSCHE GESELLSCHAFT FÜR
ELEKTRONENMIKROSKOPIE

PANOS 2014 Spring Meeting

April 3–4 in Ulm

Ulm University, Life Science Building N27

Scanning Mode – the Future of Electron Microscopy?

Program

Thursday 3rd of April

19:00 Get together

Friday 4th of April

9:00 Welcome and opening remarks

9:15 **Roger Wepf (Zürich):**
“Scanning Electron Microscopy conquers
Full Field Illumination EM (TEM)”

10:00 **Christel Genoud (Basel):**
“Microtome serial block-face scanning electron
microscopy to explore the three dimensional
ultrastructure at large scale”

10:45 coffee

11:00 **Manfred Rohde (Braunschweig):** “The ‘In’
and ‘Out’ of streptococci as visualized by field
emission scanning electron microscopy (FESEM)”

12:00 Lunch

13:00 coffee, time for individual discussion, networking
and exchange including poster presentations

14:00 **Peter Gnauck (Zeiss):**
“Helium Ion Microscopy on biological samples”

14:15 **Paul Walther (Ulm):**
“3D imaging of high-pressure frozen cells with
methods basing on scanning electron microscopy”

14:30 **Wiebke Möbius (Göttingen):** “Volume imaging
of frozen hydrated samples by cryo FIB-SEM”

14:45 **Short talk**

15:00 coffee break/posters

15:30 **(FEI)**

15:45 **Short talks**

16:30 PANOS meeting: Announcement of the spring
meeting 2015, other topics

17:00 End of meeting
