

# 2<sup>nd</sup> FMP Symposium on **CHEMICAL BIOLOGY**

*Marthe-Vogt-Seminar*

## 2<sup>nd</sup> September 2010

3:00 - 7:00 pm

3:00 pm

**Craig Crews** *Yale University, New Haven*  
Chemical Biology: Using Small Molecules to  
Explore Cell Biology

3:50 pm

**Alexander Levitzki** *Hebrew University of Jerusalem*  
Targeting the IGF1R/IRS Pathway  
by Novel Tyrphostins

4:40 pm

Coffee Break

5:00 pm

**Gerhard Klebe** *Philipps-Universität Marburg*  
From Probe to Fragment and Lead: A Route to  
Lead Discovery in an Academic Environment

5:50 pm

**Michael Brands** *Bayer Schering Pharma, Berlin*  
The Discovery of Capadenosone: Lessons Learnt  
from Optimization of Receptor Selectivity and  
Pharmacokinetic Properties

Robert-Rössle-Str. 10 | 13125 Berlin-Buch  
**FMP Conference Room** | Ground Floor
