

Leibniz Plant Biochemistry Symposium 2017

Thursday June 22nd

- 17:00 -17:10 Welcome address, Prof. Ludger Wessjohann, IPB Halle
- 17:10 -18:30 Evening lecture: Prof. Asaph Aharoni,
Weizmann Institute of Science, Rehovot
Plant Metabolic Caravans: From anti-nutritional to anti-Parkinson alkaloids

Friday June 23rd

- 9:00 - 9:05 Opening remarks: Prof. Dierk Scheel, IPB Halle
- 9:05 - 9:50 Prof. Natalia Requena, Karlsruhe Institute of Technology
Plant development rewiring by arbuscular mycorrhizal signals
- 9:50 - 10:35 Dr. Eric Kemen, MPI for Plant Breeding Research, Cologne
Chance and necessity in the assembly of leaf microbial networks
- 10:35 - 11:05 Break
- 11:05 - 11:50 PD Dr. Axel Mithöfer, MPI for Chemical Ecology, Jena
Plant-insect interactions: From defense to carnivory
- 11:50 - 13:00 Lunch (IPB Foyer)
- 13:00 - 14:30 IPB tour
- 14:30 - 15:15 Prof. Thomas Ott, University of Freiburg
Dynamics of cell surface receptors and partners
- 15:15 - 16:00 Prof. Karin Schumacher, University of Heidelberg
Vacuoles - making big cells on a small budget
- 16:00 - 16:30 Break
- 16:30 - 17:15 Prof. Claudia Oecking, University of Tübingen
Regulatory functions of plant 14-3-3 proteins
- 17:15 Closing remarks: Prof. Steffen Abel
