Germany is Europe's leading business location for medical technology and its healthcare system is the largest European market. Revisions of the medical device directive as well as reforms of reimbursement procedures have affected market and patient access as a whole. The workshop on June 9 offers an overview of the German healthcare market structure and focuses on particularities of regulatory affairs as well as reimbursement strategies.

June 8, 2011: International One-on-One

MedTech & Pharma Partnering

The One-on-One concept offers the opportunity to establish contacts with international companies and institutes in the areas of medicine, medical technology, pharma and relevant suppliers and service providers.

Based on a personal appointment schedule, it will be possible for each participant to discuss future business opportunities in up to 13 prearranged 30 minutes face to face meetings.

Program

08:30	Registration, Issue of Conference Documents
09:00	Opening Remarks
09:30	Cooperation Meetings
12:00	Lunch Break
13:30	Cooperation Meetings
15:30	Coffee Break
16:00	Cooperation Meetings

Evening Reception

The Forum MedTech Pharma e. V. cordially invites you to finish the day at the evening reception after the partnering. Take the chance of additional networking in a pleasant and enjoyable ambiance.

Make tomorrow's contacts today!

"I was highly contacted and selected from several component suppliers. I had 14 meetings during the day. My resumé: exhausting, but very effective."

Frank Rottmayer, Siemens Healthcare Sector, Germany

"Congratulation to the Forum MedTech Pharma for this excellent event. Although I registered quite late and initially had only a few talks, I was quite busy all day. The possibility for late stage matching during the day was very useful in order to arrange interesting short-term meetings."

Gregorio Cuevas, Conabio-Gem, Mexico

Review 2009

- 700 meetings
- 175 participants
- 135 companies
- 17 countries

How to take part

Application:

Complete the application form and create your company profile on the internet at

1on1.medtech-pharma.de

Online database:

With your registration you receive access to the online database and may browse the profiles of all participating companies.

Pre-arranged business meetings:

Convenient search functions allow you to filter through company profiles to match your individual interests and to send your meeting requests. At the same time, you may accept or decline requests from other participants requesting a meeting with you. If possible, we are pleased to arrange additional business meetings on site.

Schedule:

To be best prepared, you will receive your own personal agenda ahead of the event and for efficient postprocessing also a digital catalog of all company profiles and contacts.
