

You are invited to the EIT Health Summit 2022

24th – 25th May, Karolinska Institute in Stockholm

This year's event will explore how learnings from the COVID-19 pandemic is shaping the future of healthcare.

The two-day event will explore how we can build a framework for transformation with world-class speakers taking to the stage to share their expertise, inspiring talks, interactive Q&As, and workshops.

24th May

Opening Keynote

Next Generation Healthcare and
Human-Centred Innovation

Rethinking Health Governance and Policy

Life Sciences in Transition

EIT Health Catapult Final & Award Ceremony

25th May

The Disrupters

The Rise of Telehealth

Investing in Healthcare and Innovation

Closing Plenary: Towards a Healthcare Renaissance

First confirmed speakers include Lucien Engelen, CEO of Transform.Health and Strategist in Healthcare Innovation for Deloitte, Andrzej Ryś, Directorate-General DG Sante, European Commission, Anna Sandström, Science Relations Director, AstraZeneca and Audrey Tang, Digital Minister of Taiwan.

The EIT Health Summit 2022 will be available to attend either in person in Stockholm, or online with selected sessions and networking with the best in the healthcare industry accessible via an events platform which will allow attendees to tune in virtually.

Media attendees will have exclusive access to all speakers, EIT Health leaders and start-ups. EIT Health will also be hosting an evening reception after the prestigious Catapult award ceremony on 24th May, 6pm – 8pm at the Karolinska Institute for all in-person media.
